Please Stay Seated

We recommend you keep your seatbelt fastened at all times, and if making your way to the restroom, please use the overhead support.

In Case Of An Emergency

This luxury motor coach is equipped with two rooftop emergency exits and clearly marked emergency window exits.

To open a window exit, lift up on the metal bar and push out.

To open a rooftop exit, pull the handle, rotate, and push the hatch up.

One fire extinguisher is located in the overhead luggage space above seat 1C. And remember, the main door of this coach may be the best way to exit.
